President Calls an Extra Session.

Senate is Notified to Convene March Fifth to Continue Its Legislative Day.

All Persons Entitled to Act as Members are Required to Present Themselves.

House Rule to Curb Minority—Bolshevik Hearing—Cline Confirmed by Senate.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, March 2.—The President today issued the following proclamation:

Whereas, public interests require that the Congress should convene in extraordinary session, therefore, I, Theodore Roosevelt, President of the United States of America, do hereby proclaim and declare that an extraordinary session of the Senate of the United States be convened at the city of Washington on the 5th day of March next, at 12 o'clock noon, of which all persons who shall at that time be entitled to act as members of that body are hereby required to take notice.

Given under my hand and the seal of the United States at Washington, the 2d day of March, 1937, and the year of our Lord one thousand nine hundred and thirty-seven.

(SIGNED) THEODORE ROOSEVELT.

(SIGNED) JOHN HAY, Secretary of State.

SENATE ELECT.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, March 2.—The President today called the Senate into an extraordinary session.

Several members of the Senate, who terms begin with the extra session called for next Thursday.

Idaho, who succeeds Mr. Hottel; Anthony of Washington, who succeeds Mr. Turner; Smoot of Utah, who succeeds Mr. Smith; and Mr. C. G. Gorman to the rank of assistant surgeon-general and a bill for the relief of Louis R. F. Handford were passed.

The net result of the session up to 9 o'clock tonight.

FINANCIAL BILL WILL BE LAID ASIDE IN SENATE.

## LOS ANGELES

TUESDAY, MARCH 3, 1937.

IN TWO PARTS: 20 PAGES.

CHALK AND BOARD: 5 CENTS

COMES TO IT AT LAST.

Princess Louise is Free of Giron.

Writes Her Former Paramour a Letter of Farewell for Her Children's Sake.

Meets Her Mother at London and Will Remain There During Accouchement.

Archduke Leopold Sues His Sister for the Last Time—End of the "Romance."

(BY DIRECT WIRE TO THE TIMES)

GENEVA, March 2.—(Exclusive Dispatch.) The departure of Princess Louise for London was so well managed that nothing was known of her voyage until the daughter and mother met at London. The meeting was a most pathetic one, the mother repeatedly embracing her erring daughter. The couple drove immediately to the charming villa where, regaling every where, the Princess will await her accouchement.

Early yesterday morning, Mairie Lachenaie, accompanied by her nephew, M. Peter, arrived at Lyon station, where the Princess was waiting. She warmly thanked Mairie Lachenaie for his services, and said she would be glad to see her mother and that her uncertainty was not a burden. She was happy and cheerful. All her heavy baggage was left at La Metairie, and forwarded later, as so not in strict attention.

The Princess, accompanied by M. Peter, arrived at Zurich at 4 o'clock p.m., and at the Hotel National. They were met by her mother, who was warmly welcomed. The Princess greatly enjoyed the boat trip across Lake Constance.

Before quitting La Metairie, the Princess presented many souvenirs to her attendants, and also gave a handsome present to Dr. Martin. She wrote a touching letter of farewell to M. Peter, saying it was better they should meet and break off all relations, concluding "I am for the moment your mother."

It is believed that the Princess never attempted to see the Princess again. Yesterday Archduke Leopold, who had been to his sister, is never likely to see again. It is believed to dwell upon the touching scene. The entire reconciliation was due to Mairie Lachenaie, who was a great success. The Princess agreed to the entire plan, returning Giron territory voluntarily. Her husband is very good.

Thus ends a romance which has stirred the world for the last several weeks.

LADRONES DEFEATED.

Scouts and Constabulary Prevented Outlaws from Escaping.

Editor and Manager Accused of Lying.

(BY THE ASSOCIATED PRESS—P.M.)

MANILA, March 2.—(By Manila Cable.) A detachment of scouts under the command of Lieut. Nicholson attacked and defeated a band of ladrones near the village of Marikina, seven miles from Manila, yesterday. Nicholson's troops, after a short battle, killed and captured the ladrones, who were armed with knives and spears. There were no casualties on the side of the scouts.

The constabulary last Wednesday surprised and captured a strong band of ladrones in the mountains of Luzon, where a force of ladrones had been hiding. The ladrones were armed with knives and spears. There were no casualties on the side of the scouts.

## SPORTING RECORD. LIGHT WORK FOR BATTLE.

Jeffries to Begin Training to Meet Corbett.

Fitzsimmons Picks Him for an Easy Winner.

Spelman Wins a Road Race—Favorites Win at Ingleside. Crescent City Card.

BY DIRECT WIRE TO THE TIMES.

NEW YORK, March 2.—(Exclusive Dispatch.) James J. Jeffries, who was matched yesterday with James J. Corbett to fight for a heavyweight championship of the world, said this afternoon that he would begin light work for the battle.

"I feel in splendid shape now," he said, "and will be all right when I meet Corbett. I weigh about 225 pounds, and I intend to take off fully twenty pounds. The stories about my drinking were absolutely false. About a year ago I gave my manager, Billy Delaney, a good sound, which I was told in case I drank. Delaney still holds that bond."

Jeffries then went on to explain why he objected to Corbett wearing hand bandages.

"When I fought Fitzsimmons last time," he said, "he wore bandages which were like plaster cast. Ordinarily my skin is not easy to open, but when Fitzsimmons let go those plaster casts they simply cut me open. The bandages were so hard they even hurt my hands. When he hit me the concussion smashed his bones."

"In the seventh round Fitz landed a blow on my left eye which made me deep blind. It was the hardest blow that did the trick, and the blood flowed freely down my face, making it difficult for me to see. It was after that battle that I decided never again to let an opponent use hard bandages."

"My exhibition with Munroe was a farce. Not once during the bout did he land a good punch. I could have put him out any time during the exhibition. Every time I made a head for him he would fall to the floor. The story that he knocked me down is a lie. I do not think he could land the blow if he had a dozen boxing gloves attached to one hand."

PHASED BY FITZ.

BY DIRECT WIRE TO THE TIMES. NEW YORK, March 2.—(Exclusive Dispatch.) Bob Fitzsimmons, who has held more championship titles than any man living, picks Jim Jeffries as the winner in the coming fight between the boiler maker and ex-Champion Jim Corbett. Fitz says that no one has a better right to forecast the result than he, who has whipped one of the men and been whipped by the other twice. This he says, should not hurt him in line as a prophet, and as he can see the fight going all night, Fitzsimmons said:

"I feel sure that Jeffries will beat Corbett when they meet this time. I do not think the battle will go as long as their first fight did. My reason for saying so is on account of the wonderful improvement which Jeffries has shown in his fighting since he fought Corbett at Coney Island."

"When I say that Jeffries has improved, I certainly mean it. Jeffries is faster on his feet, a cleverer boxer and a better ring general. Since I became the sparring partner of Jeffries on my present tour, he makes my right hand feel as if it were a hammer. He forces me all around the ring and half the time he hits me as hard as he did in our two championship battles. It is not often that I break around from a fighter, but Jeffries carries me along at such a tempo that I am compelled to slug him with the hope of stopping his mad rushes."

"If the fight with Corbett goes fifteen rounds I will consider it a very long fight. The way I am going it is a piece of good fortune."

CORBETT'S ATTITUDE.

BY DIRECT WIRE TO THE TIMES. BALTIMORE (Md.) March 2.—(Exclusive Dispatch.) Pugilist James J. Corbett, who is doing a tour at the Auditorium this week, spent the morning preparing a set of articles which he believes covers everything, agreed upon between the two yesterday, and adds clause, which Corbett says, is to keep away the bids of irresponsible clubs. The article is as follows:

"We, the undersigned, James J. Corbett, champion of the world, and James J. Jeffries, ex-champion of the world, agree to box a limited contest for the championship of the world under the following conditions:

"First—The contest shall take place in San Francisco, Cal.

"Second—The purse must not be less than \$25,000.

"Third—The club offering the largest purse is to get the contest.

"Fourth—The winner is to receive 25 per cent and the loser 25 per cent of the purse.

"Fifth—Both principals are allowed to wear six bandages on the hands, open until April 1, and all bids shall be sent to Harry Corbett, San Francisco, and Tom O'Rourke, New York.

"Sixth—The contest is to take place in June or July next, which date the principals agree upon.

"Seventh—Both principals are to deposit \$25,000 on the day of signing articles.

"Eighth—The contest is to be chosen at least two weeks before the contest.

"Ninth—The contest is to be chosen at least two weeks before the contest.

Corbett says Delaney may bring on a set of articles which would nullify all the provisions set forth in the articles he has prepared.

TEN-MILE ROAD RACE.

SPELLMAN THE SUCCESSFUL. BY THE ASSOCIATED PRESS.—M. M. Spellman of the California Cycling Club proved the victor in the ten-mile road race of the California Associated Cyclists, held today on the straightaway course between High street, Alameda, and Hayward. Spellman started with a handicap of 200 yds. He made the distance in 25:44. W. De Mars, Bay City Wheelman,

made the best absolute time, riding the ten miles in 24:44. An accident which may result fatally occurred at the finishing line. Alfred Riedy, of the Oakland Wheelmen, collided with Lee Samuels, of the San Francisco Wheelmen, and sustained a fracture of the skull. It is feared that he cannot recover. Samuels' nose was broken. He was not a contestant in the race, but was standing in the road when struck.

## LABOR. WABASH ROAD FACES STRIKE.

Trainmen and Firemen Voted to Go Out.

Conductors and Engineers Take Contrary Action.

Three Thousand Men Out in Philadelphia—Herbert Will Ignore Union Laborites.

BY THE ASSOCIATED PRESS.—M. M. Spellman of the California Cycling Club proved the victor in the ten-mile road race of the California Associated Cyclists, held today on the straightaway course between High street, Alameda, and Hayward. Spellman started with a handicap of 200 yds. He made the distance in 25:44. W. De Mars, Bay City Wheelman,

profession have given me what I have; this office building, that residence with its thirteen rooms containing some passable furniture, a stable with its three horses and my garden."

The editor called the present situation a crisis, because he believed that victory for Dr. Crum means not only political domination by blacks, but also an eventual strike will be instituted, which would mean the ruin of the Mississippi River, exclusive of the Canadian line, and double pay for double-header freight trains must be conceded by tomorrow noon or a strike would be ordered.

The conductors and engineers notified President Ramsey at the same time that they would abide by the increased scheduled a week ago, and were not in favor of a strike.

After having received the Notification Committee, President Ramsey tonight issued a letter to the two committees saying, in effect, that he desired to have the result of the polls in figures. He further stated that he recently had issued a new schedule of rates which would mean the ruin of the Mississippi River, exclusive of the Canadian line, and double pay for double-header freight trains must be conceded by tomorrow noon or a strike would be ordered.

President Ramsey said: "I do not appreciate that we will have much trouble in running our trains in case there should be a strike. I understand that 90 per cent. of the conductors voted against a strike. I have a statement signed by a large number of switchmen and other employees stating that they will not go out, and protesting against a strike being ordered."

W. L. Lee, first grand master of the Brotherhood of Railway Trainmen said tonight: "If President Ramsey does not make some concession by noon tomorrow we will order a strike. While we may not tie up the system it will be exceedingly difficult to get men to fill the places of at least 1200 men who walk out. In case we cannot come to terms we will proceed to order the strike. It will take us several hours to get word to the men all over the system, but it will be worth the wait of a few hours before a good many trains are without full crews. Unless we hear from President Ramsey by noon tomorrow all negotiations will stop."

C. H. Wilkins, grand senior conductor of the Order of Railway Conductors, which would not countenance a strike, said tonight: "I have been called nothing more to do with the matter. The order saw fit to accept the terms offered by President Ramsey, and I have notified him to that effect."

The number of men who will obey strike orders is variously estimated. From reliable sources here it is estimated that there are 1200 men who will join a strike, that leaves about 1200 men to walk out.

FOR SAKE OF HIS RAGE.

CRUM SEEKS THE PLACE.

DOES NOT WANT DOOR OF HOPE CLOSED AGAINST NEGRO.

Story of His Struggle to Gain an Education, of His Final Triumph and the Success That Has Since Attended His Efforts.

BY DIRECT WIRE TO THE TIMES. CHARLESTON (S. C.) March 2.—The sudden crystallizing of public sentiment under the influence of political appointment, the announcement determination of President Roosevelt to elevate the colored race, and the rapid array of factions along the same lines that were drawn forty years ago have made Dr. William D. Crum of Charleston the most-talked-of man of the day.

In an interview today Dr. Crum said: "The office as a source of income, or place of political preferment is nothing to me. It paid its incumbent last year only \$1200. I make much more than that, and I would be sacrificing more than that sum to take it. I do not want the place for money; I do not want it to gratify social ambition, for I would not accept the social or complimentary invitations of whites, even if extended to me as collector. The President has expressed the real reason in his public utterances. He does not want the door of hope closed against the colored man of the South."

"I was born here in Charleston, the youngest of a family of seven children, all free. In this present situation I could almost wish that I had not been born free, so that my stand against bondage could have a stronger effect."

"As I grew up I became ambitious to obtain an education. My mother sent me to the Avery Institute in Charleston. I studied, and eventually won a scholarship that enabled me to go to the South Carolina State University at Columbia. There I continued until my junior year in 1857, when the reactionary government of the State drove me and all other colored students from the university."

"A summer of hard work enabled me to obtain enough money to enter Howard University at Washington, and course, but I was not allowed to enter the university and received eventually my diploma."

"With this diploma and \$3 in my pocket, the next year, which I had started north, I landed in Charleston after an absence of three years. More than twenty years of hard work as an

300 Dozen Fine Wrappers at 1-3 Less Than Their Value.

We've just purchased the entire surplus stock of the Colonial Manufacturing Co. of this city, who make a specialty of women's wrappers and house dresses. Bought their make-up stock in its entirety at 83 1/2 per cent. below the regular price. There are a full 300 dozen wrappers in the collection. These go on sale at a lower price than you could purchase the materials contained in the garments. They are all well made, being carefully cut by experienced persons and finished much better than goods made in the East. These wrappers are strictly a Los Angeles product, and that alone, were the price not so low, should appeal to you. You may see a portion of these displayed in our windows—here's a hint at the prices.

98c Wrappers Of excellent quality percale, in red, pink, blue, gray and black and white effects, wide flounce bottom, double stitched at the head. Yoke trimmed with two rows of braid, front and back

the fall. We have followed the custom of school vacations instead of the difference in seasons between the East and California, at about the same time. Every year parents and children are made miserable and unhappy by being returned from the beach and mountain because of the beginning of the school term, just when the season is the hottest and most disagreeable; and every year complaints are made about it, but still no change from year to year. California should define the seasons for school vacations with reference to our climatic conditions, and without regard to the school year in other sections of the country where the seasons are so entirely different. We ought not to bring the babies back to town and house them in hot and stuffy schoolrooms just at a time when they would most enjoy the fresh air and the sun. The merry music of the mountain streams, and in thus considering the little ones, account should be taken of their mothers who are enjoying the vacation on the beach, or in the woods with them. It is high time that California blend a pathway of her own in this regard.

ing Candidates. Further has been received from Wagoner, that will probably be nothing more doing regarding Judge Parker's case than the law allows.

California has been officially declared free of bubonic plague, but there is that settlement with Mexico still staring us in the face.

Mr. Smoot, the gentleman from Utah, says he is no geologist, and he surely ought to know, for he is right on the ground.

Mexico is still coquetting with the gold standard. Hello, here, Mr. Bryan, did you hear about it?

Spring "has come" and the shirt waist full of girl is due to arrive any minute.

March came in like a lamb in California; but 'twas over this.

## THE PLAYHOUSES.

BURBANK. "A Stranger in New York," which plays this week at the Burbank, is neither the best nor the worst made by Cole and Johnson, which all begin with the first letter in the alphabet. The company presenting it is the average road company.

Only the other day a Lopera, Ind., astronomer declared that the sun is inhabited by a race of beings who live in the suburbs of the earth. As a Republican is superior to Democrats, and now comes one, Dr. Alfred Russell Wallace, who is a Republican, and now comes one, Dr. Alfred Russell Wallace, who is a Republican.

The President's clear and lucid letter on the subject of the appointment of southern negroes to office would seem to make the matter of the color of the skin a matter of no importance.

Although the performance sank into the memory of many, it was not a means to a secondary end. The bill is a good one this week. The greatest of all the colored entertainers, who are the cleverest singers of our stage, are the colored entertainers, who are the cleverest singers of our stage.

For Governor, R. CRAIG-KEARNEY. The San Francisco Chronicle has taken a very narrow view of the Southern California sentiment with regard to State.

NOT ALL AFTER JOBS. The Chronicle is under the impression that every one south of the Tehachapi mountains is looking for a job.

BUT ALL FOR SCOTCH. There is a need for Scotch in the affairs of the new State. It is conceded that Scotch Craig of Redlands shall have the honor of being the first Governor of the new State.

HE MAY "SHRINK," BUT WILL BE SEIZED. Craig, undoubtedly, will shrink from the honor, but he will be seized by the State.

THE SENATORIAL PLUME. For Senators there can be none other than U. S. Grant and San Diego and H. T. O'Connell of Ventura.

"A Spring-Time Ode." The rumored organization in Los Angeles of another mining stock exchange, established on "democratic, equitable and liberal principles," is a stock joke, with a pretence of a spring-time ode.

PERSONAL. Caspar Whitney of New York, editor of Outlook, is at the Westminster. Dr. A. W. Berryman of Marshalltown, Iowa, registered yesterday at the Angeles.

Mr. J. J. Fletcher, buyer of the Unique Clink and Suit House, leaves tomorrow on a business trip to New York.

Ed Averill, wife and son of San Francisco, arrived yesterday at the home of Mr. Averill's father, N. S. Averill, No. 1213 Rockwood street.

Mr. J. J. Fletcher, buyer of the Unique Clink and Suit House, leaves tomorrow on a business trip to New York.

STREET CLEANING. In a series of articles in The Times some months ago, I gave a detailed account of how street-cleaning and street-sprinkling is done in these cities which are the happy possessors of a street-cleaning department, operated by the municipal government.

## Stylish Woolens

We mention here today just four items for your consideration. Style, quality and value are here equally blended, as they are in a hundred other lines just received.

**Canvas Etamines** plain or mixed colors, half dozen 60c

**Cropes de Paris** all the wool sorts, soft, thin, and clinging, 1.00

**Volles** the softest, daintiest summer fabric ever produced, 1.25

**Nappe Crash** a rough surfaced, sheer woolen fabric with white grounds, also tan and blue mixtures. This is one of the season's very choicest styles and the stock is limited; 45 inches; yard 1.50

**New line of Plain or Fancy Embroidered Pongees, Silk Department.**

**Today's Glove Sale**

Four hook, undressed, genuine French Kid 1.00

Gloves, regular \$1.75 value, today at 1.00

**square pianos reduced**

We have fifty (50) square pianos taken in exchange in our regular makes. We intend to sell them in the next few days. To make the selling brisk, we have greatly reduced the prices, which run from

**\$25 to \$150**

Thus enabling almost anyone to obtain a piano. The payments can be arranged as low as \$2.50 a month—\$3 to \$10 down. Some of the instruments are of such well-known makes as

Steinway, Kranich & Bach, Chickering, Weber, Emerson and Vose.

**Geo. J. Birkel Co.**

345-347 S. Spring St.

**"WE TRUST THE PEOPLE."**

The only capital a man requires in purchasing house furnishings at Brent's is honesty of purpose. Honesty is just as acceptable to us as cash. Hundreds of families who are now enjoying the most comfortable homes, would have been living in furnished cottages if not for the Brent credit system. Sensitive folks feel embarrassment in asking credit at an ordinary store, but you will have no such feeling in coming to the Great Credit House where 5000 people, on credit.

**BEHIND CLOSED DOORS**

The board met behind closed doors at 8 o'clock in the library's office, the principals of the investigation, their attorneys, stenographers and newspaper reporters meanwhile waiting impatiently in the ante-room for the investigation to commence. Francis J. Thomas, Esq., was on hand to act as counsel for Miss Jones. He brought with him a stenographer, to take down the proceedings. Sidney J. Parsons, Esq., appeared as attorney for Miss Miller. Court reporter Charles W. Sexton was present to take a stenographic report for the board.

While the directors were in secret session, Miss Jones and Miss Miller were in consultation with their attorneys. Miss Jones appeared to be cool and confident; Miss Miller wore an air of injured innocence.

The door was opened at 1:35 o'clock. All the members of the board were present, but Commissioner Knight, expected, but Commissioner Knight, expected, but Commissioner Knight, expected.

Miss Miller's charges as follows:

To the Honorable, the Board, Feb. 14, 1903.

Sir: I, Nora A. Miller, assistant librarian, do hereby make the following statement as to the charges against me which have been made by Miss Jones.

I charge, first, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, second, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, third, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fourth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fifth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, sixth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, seventh, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, eighth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, ninth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, tenth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, eleventh, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twelfth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirteenth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fourteenth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fifteenth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, sixteenth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, seventeenth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, eighteenth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, nineteenth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twentieth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-first, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-second, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-third, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-fourth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-fifth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-sixth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-seventh, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-eighth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, twenty-ninth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirtieth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-first, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-second, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-third, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-fourth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-fifth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-sixth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-seventh, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-eighth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, thirty-ninth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fortieth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-first, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-second, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-third, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-fourth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-fifth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-sixth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-seventh, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-eighth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, forty-ninth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fiftieth, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fifty-first, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fifty-second, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

I charge, fifty-third, that Miss Jones has been guilty of a gross and intentional misrepresentation of the facts in her statement to the board.

# Los Angeles Daily Times

TUESDAY, MARCH 3, 1903.

## PUBLIC LIBRARY "SLUSH" BOILED OUT OF "MUSH."

IN REFERRING to some people's lack of backbone, that profound philosopher, Ralph Waldo Emerson, said: "Some men are the very mush of the world."

The erudite head of the Los Angeles Public Library, Miss Mary L. Jones, in attempting to apply this observation to one of her assistants whom she thought lacking in executive stamina, inadvertently substituted the word "slush" for "mush."

Miss Nora A. Miller, the second assistant librarian, who was thus addressed, understood Miss Jones to say "slush of submission." She would not "submit" to such language, therefore she preferred charges against the chief librarian charging her with unbecomingly like conduct, being dominated by the hypnotic influence of her first assistant, Miss Celia Gleason, and with unfair treatment of the library attendants generally.

The board of library commissioners began the investigation of these charges at a special session of the committee on attendants, last evening, Commissioner Enoch Knight, who is not a member of the committee, but who was present by courtesy and participated in the proceedings, still further complicated the garbling of Emerson's language by understanding Miss Miller to say, in her testimony, that Miss Jones called her the "slush of submission."

It is such "mush," "slush" or "mush" that has caused the tempest which has been raging in the public library for the last few weeks, and that promises to make the library commissioners very weary of the investigation. Some of them are very weary already, and it was adjourned at 11:25 o'clock last

night till 1:30 o'clock Wednesday evening, without much headway having been made by the substitution of Miss Miller's charge Public Library for the last few weeks, and that promises to make the library commissioners very weary of the investigation. ## MINES AND MINING.

### STRAINING WATER FLOW PARALYZES GLOW CAMP.

**OLD DOMINION'S UNDERGROUND WORKINGS FLOODED.**

Black Warrior Company Increases Capitalization—New Mills for Desert. Sidelights on Model—Stockholders of Consolidated Company to Visit Rancho.

Globe, Ariz., is practically paralyzed by the striking of water in the Old Dominion and United Globe properties. The Old Dominion has the water well under control, but it is not able to host a pound of ore. The water has to be pumped out of the mine. At one time over 300 gallons of water a minute were being hoisted and water boilers are massed at the shaft-head to provide sufficient power. An immense Worthington pump has just been received from Los Angeles and will be put into commission as soon as possible. The superintendent is developing some of the upper workings, and he expects to blow in at least one smaller shaft within a few days. The water, however, has not caused the management to lose faith in the Old Dominion. Work has been going on at a new four-compartment shaft, located 150 yards from the original shaft. It is to be sunk straight through to the depth of 1500 feet and will be used with double-deck cages for the ordinary workings of the mine. The old shaft will be given over to the pump. By the time the new shaft is completed it is expected that the water will be ready also, a plant equipped with three or four 300-horsepower pumps and a battery of converters and equipment that will permit the production of copper at the lowest possible cost. Hereafter the cost of the copper production on the Old Dominion has been somewhat higher than that of any other large company in the Territory. The company is in nowise pressed for funds, as it is shown by the fact that it has on hand nearly 4,000,000 pounds of 70 per cent. matte and about seven tons of ore.

It is estimated that the company will also run over nearly 500,000 tons of matte, which is sold to average 24 per cent. copper. Superintendent Miller claims to have 1,000,000 tons of 5 per cent. copper in sight and to be able, with new equipment, to produce copper down in New York at a cost of not more than 1 cent a pound. The company is entirely out of debt.

**WORKING ON NEW MILLS.**

A new mill, will soon be dropping its stamps in the Ballard country, Inyo county. The Cecil R. Mining Company is putting up an eight-stamp mill near Ballard and expects to have it in running order by the 15th inst. It will start on ore from the Santa Rosa mine, which belongs to that company. About twenty men are now employed on the property.

Another mill soon to be put in operation is that of the Consolidated Mines Company, which now has material on the ground near Marvel. Cement blocks are being put in and within a few days work on the building will be under way.

**STILL "BOASTING."**

The Prescott Prospect is still "boasting" Frank Jager and the Model Gold Mining Company. The meeting of stockholders, recently held in Prescott, is said to have been a farce, inasmuch as Jager had waived 50 per cent. of the stock represented. One very joyous statement of Jager, in a letter addressed to the stockholders, dated Chicago, February 2, is that "We will have a profit of \$100,000 from our ore dump and tailing pile independent of the mine," which he figured out as giving a dividend of \$15 a share, "besides the dividends that the mine will earn." The prospect, after that, the photographs that Jager prints of what he calls his "ore dump" is simply the waste dump of the mine.

**WILL VISIT RANCHO.**

A party of officers and stockholders of the Consolidated Mines Company will visit the company's property in the Handberg camp the latter part of the week. A private car has been chartered for the trip, the object of which is to give stockholders an opportunity to inspect the property, more particularly the lower workings, where a strike of considerable importance was made recently.

The party has been invited to visit the Yellow Aster mine.

**CONCENTRATES.**

A quarry of marble, equal to the famous Carrara marble, is to be opened in the Coyote Mountains in Southern California. The deposit is situated on the line of the proposed Eastern and San Diego Railroad. A ready almost free claims have been located.

The Tumacac mine at Chiricahua, Ariz., has been closed down, only a pumping force being maintained.

The bankhouse at the Miners' Corner mine at Chiricahua was burned down last week, together with the effects of about twenty miners.

The main shaft of the Middle mine, near Prescott, Ariz., is to be sunk to the 80-foot level and improvements upon it are believed to be between 65 and 70 cents a barrel.

The sale of over 40 cars, or 10,000 barrels, of Coalingas oil is reported by Mrs. E. A. Summers. This oil has been obtained by the Asphalt Oil Refining Company, which uses the light product in the manufacturing of coal oil and high-grade engine distillate. It is the largest shipment of Coalingas oil ever contracted for in the local market.

Mrs. E. A. Summers is also reported to have secured the much-sought-after contract for supplying the Los Angeles Lighting Company with distillate. The lighting company consumes on an average 5000 barrels of distillate a month, and the price agreed upon, although not made public, is believed to have been between 50 cents and 51 cent a barrel.

A shortage of asphaltum is one of the features of the market. Yesterday's improved market, showing that there is 50 per cent. less asphaltum in the local market than there was at the same time last year. In any event, the price paid is 312 a ton for the commercial quality.

**KERN RIVER OPERATIONS.**

Work is being pushed on the Southwestern Refinery Company's plant in the Kern River field, and buildings are being put up rapidly, according to a local man who returned from the field yesterday. Material for the stills is being shipped from the Kern River field. On section 4, 2828 the Black Jack Company has begun operations. It has four wells com-

pleted, and rigs have been started on three others. The Permian, on 2828, and on 11237, which has been suspended for a time, has started the drill in two new wells. The Alcaza is drilling several wells, and on the properties of the Southern Pacific and Consolidated companies, rigs are kept in constant operation.

**SANTA BARBARA COURT SITS ON CHURCH FIGHT.**

**ACTING RECTOR POST'S CONTEST FOR TRINITY PULPIT.**

Claims He Was Called Regularly to Fill Vacancy—Vestrymen Say He Was Not Temporary Supply—Sensational Developments Promised.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

SANTA BARBARA, March 2.—The struggle that has been going on for some time past between Rev. Frederic H. Post, the acting rector of Trinity Episcopal Church, and the vestry of the church, has been referred to the superior court today for the purpose of the injunction proceedings instituted by the rector ten days ago, when he sought an order of court compelling the vestry to open the doors of the church, which that body had closed against him.

Mr. Post was the first witness called to the stand by the rector. He testified that he was called to officiate at Trinity, and came to Santa Barbara with the understanding that Mr. Ramsey was about to resign, and that he (Post) was to fill the position created by the resignation.

The vestrymen have made the statement that Mr. Post was called to Trinity Church only as a temporary rector, pending the election of a successor to Rev. Ramsey by a new vestry, to be chosen at the Easter election. The vestry point of dispute is as to whether the call extended to Mr. Post was an official act, by which the vestry would be bound under the rules of the church. Mr. Post declares that he was called as a temporary rector, and that he regularly made, and Dr. Cassel and other members of the vestry are positive in their statements that it was only an informal call for the temporary filling of the pulpit until the vestry could be filled in the regular way.

Mr. Post in his testimony said that he was receiving only \$50 per month for his services at present, the vestry having cut the salary from \$100, because, they said, the church could not afford to pay more at the present time. He said, however, that he was to receive \$100 a year more as soon as the finances of the church would warrant. The objection from the parishioners that witness admitted in his testimony was because some of them were opposed to the rapid rise and service of the more devout bodies of the Episcopal church, and he believed that the church should be observed fully and in everything.

The testimony in the case today was mostly in the line of establishing the misunderstanding between Post and the vestry as to the formality of the call to the church. It is probable that the case will occupy the court for some time longer, and although strenuous effort has been made on both sides to keep the case out of court, it is probable that some warm words during the trial of this cause.

Since "A crust is better than no bread," a small advertisement in the Times brings in more business than an advertisement at all. Telephone your wants to the Santa Barbara agency will take your ad, and send it to the main office.

**THE OIL INDUSTRY.**

**IMPORTANT CONTRACTS FOR LOCAL OIL CLOSED.**

**SALT LAKE RAILWAY BUYS YEAR'S SUPPLY OF CRUDE.**

Largest Contract for Coalingas Light Oil Ever Closed in Same Market—Kern River Prices Improving—New Sunset Consolidation.

Things have been doing in the local fuel-oil market during the past few days, including the closing of several important contracts.

One of the latest deals was made yesterday by the Salt Lake Railway Company, which has been negotiating for some time past for the delivery of a large amount of oil during the coming winter. E. R. Wagner, general manager of the company, held a conference with a prominent jobber yesterday and it is understood that a contract has been entered into regarding the delivery of between 8000 and 10,000 barrels of the local crude of from 16 to 18 degrees gravity. The price agreed upon is believed to be between 65 and 70 cents a barrel.

The sale of over 40 cars, or 10,000 barrels, of Coalingas oil is reported by Mrs. E. A. Summers. This oil has been obtained by the Asphalt Oil Refining Company, which uses the light product in the manufacturing of coal oil and high-grade engine distillate. It is the largest shipment of Coalingas oil ever contracted for in the local market.

Mrs. E. A. Summers is also reported to have secured the much-sought-after contract for supplying the Los Angeles Lighting Company with distillate. The lighting company consumes on an average 5000 barrels of distillate a month, and the price agreed upon, although not made public, is believed to have been between 50 cents and 51 cent a barrel.

A shortage of asphaltum is one of the features of the market. Yesterday's improved market, showing that there is 50 per cent. less asphaltum in the local market than there was at the same time last year. In any event, the price paid is 312 a ton for the commercial quality.

**KERN RIVER OPERATIONS.**

Work is being pushed on the Southwestern Refinery Company's plant in the Kern River field, and buildings are being put up rapidly, according to a local man who returned from the field yesterday. Material for the stills is being shipped from the Kern River field. On section 4, 2828 the Black Jack Company has begun operations. It has four wells com-

pleted, and rigs have been started on three others. The Permian, on 2828, and on 11237, which has been suspended for a time, has started the drill in two new wells. The Alcaza is drilling several wells, and on the properties of the Southern Pacific and Consolidated companies, rigs are kept in constant operation.

**SUNSET CONSOLIDATION.**

A consolidation has just been effected in the Sunset district whereby the California and Colorado and the Wichita Oil Company have pooled their interests. A company known as the Federal Crude Oil Company has been organized, and the stockholders in the new corporation are principally Colorado capitalists.

Operations will be resumed in the field as soon as possible.

**STANDARD LINE NEARLY READY.**

The pipe line to Standard Oil Company to Point Richmond is now practically completed. The work of placing the pipe underground is done, and when the time comes to lay the line, there is little to do, it will probably be several weeks before the company is making regular shipments.

**TO RESUME AT HIWATHA.**

It is reported that drilling will be resumed on the Hiwatha oil well this week. Material is now on the ground, and the company has selected the proper place for experiments and intends to lose no time in getting the hole to a depth that will prove the territory.

**ON 'CHANGE.**

**WESTLAKE AGAIN ACTIVE.**

## A STRENGTHENER FOR WOMEN

**Vinol Promptly Overcomes Weakness.**

**DEBILITY OFTEN PRECEDES COMPLETE COLLAPSE.**

**We Want Every One to Know How to Get Strong.**

**OUR VINOL IS A STRENGTH CREATOR.**

The saddest sight on earth is a broken-down man or woman.

We see such people every day right here in our city.

It is pitiful to see a man that should be in his prime dragging himself through life dejected, discouraged and broken down, due to some premature weakness. It does not make any difference whether this weakness is the result of overwork, lack of sleep, or disease; it can be overcome.

We have known of many very serious cases of debility quickly overcome by Vinol.

Vinol is a scientific re-builder and strength creator. It contains the curative principles of Cod-Liver Oil in a highly concentrated form.

The benefits that can be derived from the use of these properties is so well known that there is no need for us to enter into that subject.

We would quote many instances where Vinol has done good; as an example, here is one coming from Jane S. Pennington, a prominent member of the W. C. T. U., and a resident of Suncook, N. H. She writes:

"I was run down, was in bed from May to March. Was so nervous and sickly that every one thought I was in a most precarious condition. My weight was reduced to 120 pounds. I was advised to take Vinol, which I did, and am now very much better, and am able to be about again. As a re-builder and strength giver nothing can equal it. Vinol is a God-blessing to anybody."

Because Vinol is delicious, and because it does contain these much-sought-after medicinal properties we endorse it, and we unhesitatingly proclaim that it is better than any preparation of cod-liver oil or tonic re-builder we have ever had in our store.

Price \$1.00 per bottle.

We deliver to all R. R. and S. S. points within 100 miles on all orders of \$5.00 or over.

The Owl Drug Co., Pacific Coast Agents, 320 S. Spring St.
